A New Tradition In Storytelling

Heredity is where love becomes timeless. Connect generations, preserve values, and build a legacy that grows stronger with each story shared.

Secure Memory Vault

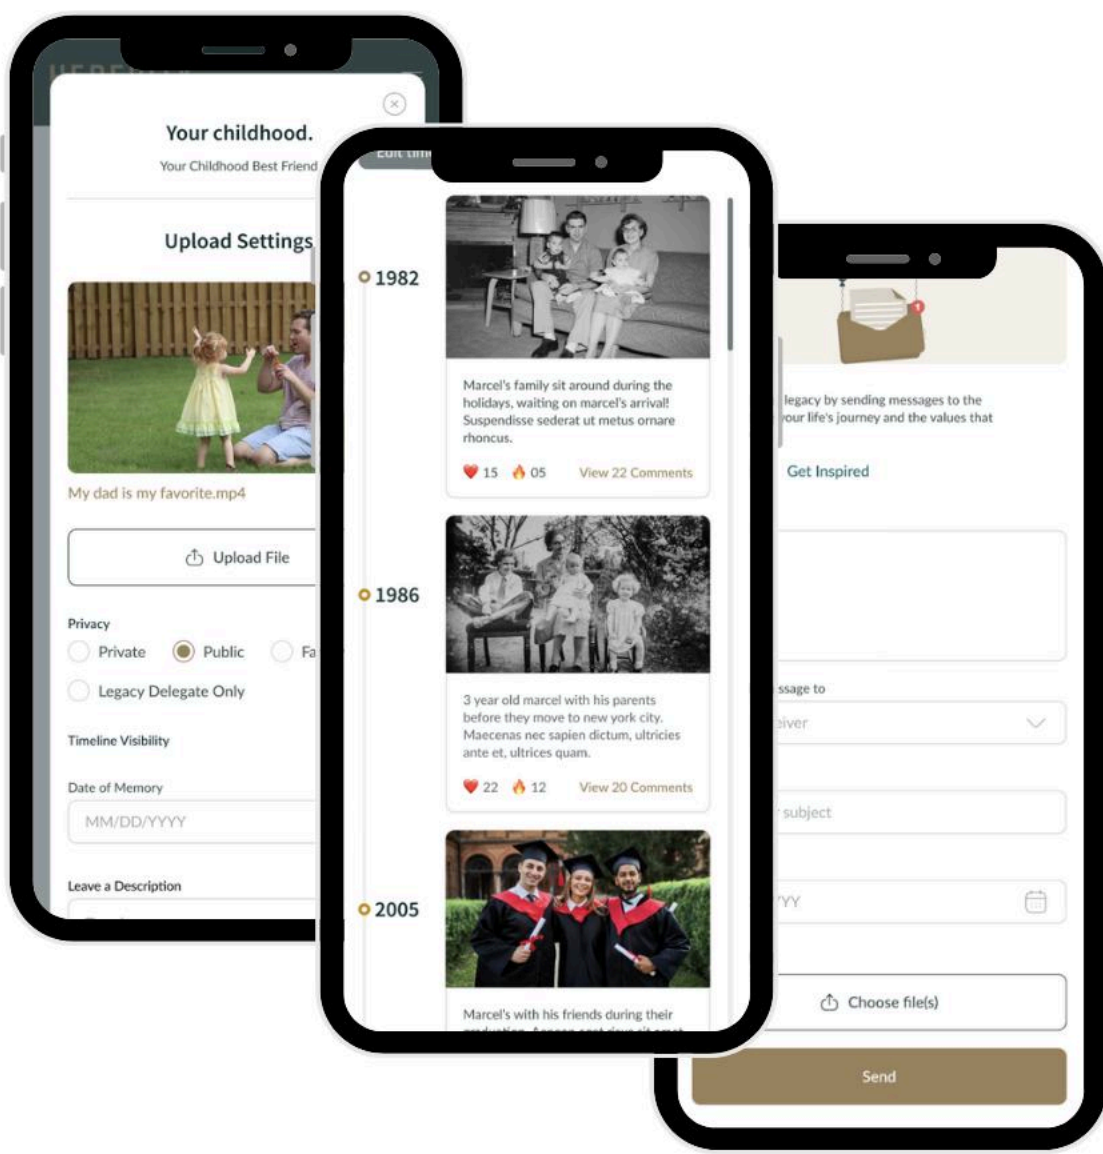

Safely store your cherished memories, stories, and personal reflections in a digital vault designed for longevity and privacy.

Family and Friends Tree

Build and explore connections through a digital family tree that links loved ones, friends, and important figures in your life's story.

Time-Locked Gifts

Create personalized messages, photos, or videos to be delivered to future generations at specific milestones or significant moments.

Life Timeline

Document your life journey with a visual timeline, capturing meaningful events, personal growth, and treasured experiences over time.

DreamCatcher

An AI-powered feature that helps you set and track life goals, bucket lists, and personal aspirations based on family insights and shared values.

Intentional Connection

Strengthen family bonds with prompts and tools designed to encourage meaningful conversations and shared reflections.

What Makes Heredity Different?

We're creating a place where your stories, lessons, and values can grow roots. Guided by the values of connection, security, and intentionality, Heredity uses advanced technology to create a protected, heartfelt space for your legacy to live through generations. We're here to help families, friends, and strangers connect, reflect, and carry forward what truly matters.

Effortless Storytelling

With a user-friendly design, Heredity makes it simple for all generations to share their stories. Whether it's a family milestone or a personal reflection, every memory becomes a piece of your family's narrative that's easy to capture and meaningful to revisit.

Privacy, Your Way

With custom privacy settings, you choose who sees each memory. Heredity offers robust privacy options, from public timelines to private memories, with designated legacy contacts to manage your data, ensuring they remain accessible only to those you trust.

Tools For Every Moment

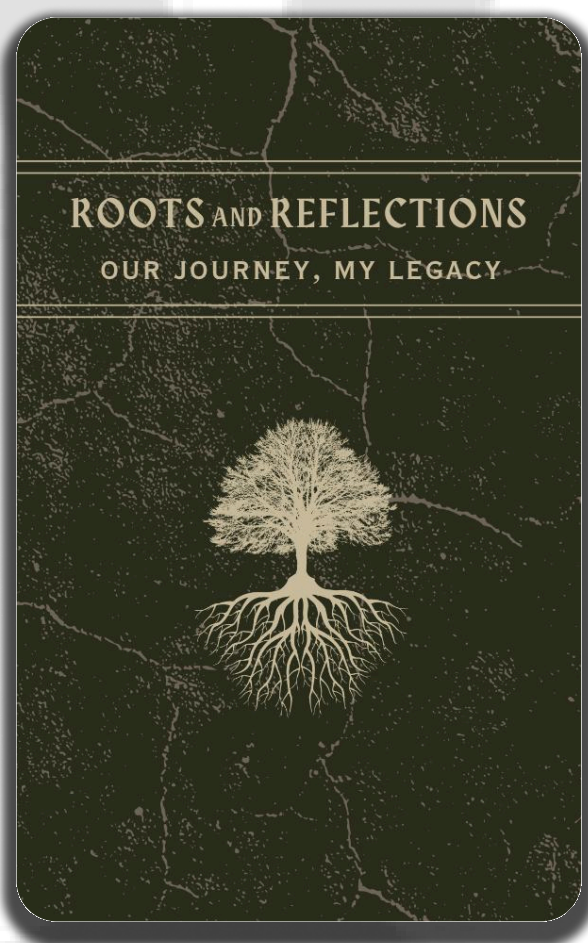

Heredity's suite of tools - including Legacy Letters, Memory Vault, Dreamcatcher, Life Timeline, and a multi-layered Family Tree - ensures that each facet of your family's journey is preserved, offering future generations an authentic insight into your lives and values.

Built For The Future

Using innovative technology, Heredity ensures data integrity and long-term security while building connections across generations. By preserving traditions and cultural roots, we're helping families build resilience, stay connected, and embrace a positive outlook.

Roots and Reflections Journal

Made for the storytellers and memory keepers of each family—a place to capture life's most meaningful memories, values, and lessons that deepen family bonds. With prompts that inspire heartfelt reflection, each page becomes part of a legacy rooted in love, resilience, and shared wisdom, creating a treasured family keepsake that generations can cherish and learn from.

Our Mission and Values

Heredity's mission is to celebrate life and legacy by providing a platform that empowers individuals to conveniently curate, manage, and share their unique stories and heritage, ensuring that the legacies of today are safeguarded and connected across generations to come.

Value 1

Sed id est consectetur, ultricies leo accumsan, posuere ipsum, aliquet tellus eu est maximus, sit amet eleifend sem, pharetra, tincidunt felis sit amet, elementum turpis, ts ante ullamcorper lacinia quis eu nisi. Donec eget dolece velulvinar viverra at sit amet turpis.

01/04

We envision a new tradition in storytelling; a world where the stories, wisdom, and love of our families are not only secured, but every milestone is celebrated, every narrative is honored, and every legacy makes a collective impact for a richer and more connected future.

Our Team

Jake Hulce
Co-Founder & CEO

Tyler Jones
Co-Founder & CTO

Designed to inspire the world to celebrate life and legacy through convenience and connection, Heredity gives individuals autonomy over their digital footprint by leveraging innovations in technology to help individuals manage their present, preserve their past and provide a richer, more connected future for generations to come.

Our Timeline

2022

June

The concept of Heredity was born, sparking a vision to create a platform where stories and legacies transcend time.

2023

August

Heredity became a reality when USC student entrepreneurs were chosen to develop the brand, business model, designs, and user story.

2024

January

Development of Heredity's tech features and marketing efforts began, boosted by winning two more student competitions, attracting more student entrepreneurs to the project.

2025

June

Heredity is expected to fully launch, offering users a unique platform to preserve and share their legacies.

2026

October

Heredity aims to become a thought leader in the digital legacy space, setting a new tradition for preserving family histories.
